EXPERIENCE

AI Video Editor & Content Creator | 2026 - Present

YouTube and Facebook | Independent Content Production

- Produce AI-assisted short-form videos from script development through final edit, including storyboards, visual generation, animation prompting, pacing, sound, and platform-ready delivery.
- Create retention-focused 9:16 content for YouTube Shorts and Facebook Reels using strong hooks, dynamic cuts, captions, visual effects, B-roll, music, and clear calls to action.
- Build repeatable storyboard-to-animation workflows that maintain character, scene, camera, lighting, and visual continuity across multiple shots.
- Refine AI-generated visuals and animation outputs through prompt iteration and post-production so the final content feels consistent, intentional, and ready for social media.

Freelance Video Editor | Project-Based

Pickle and Pepper Productions - Oliver De Leon | Focused Fire Trader | Personal Vlogs

- Edit long-form YouTube videos, educational trading content, personal vlogs, and short-form social media videos based on each creator's audience, message, and editing style.
- Use retention-focused editing techniques including fast pacing, dynamic cuts, captions, B-roll, visual cues, sound effects, music synchronization, and clean transitions.
- Add motion graphics and supporting visuals to improve storytelling, clarity, and viewer engagement while keeping the edit aligned with the creator's brand.
- Manage feedback, revisions, and project deadlines while adapting quickly to different formats, content styles, and client requests.

SELECTED EDITING PROJECTS

AI Short-Form Content Production System

Facebook Reels and YouTube Shorts

- Developed a reusable workflow for script optimization, hook selection, cinematic storyboarding, scene-by-scene visual prompts, AI animation prompts, and final short-form editing.
- Designed vertical social content with consistent characters, controlled visual effects, varied camera angles, and deliberate scene transitions to support viewer retention.

School Documentary / Infomercial Edit

San Vicente Central School

- Structured voice-over pacing, B-roll and classroom visuals, titles, lower thirds, statistics, montages, transitions, music, and shot order to create a clear documentary-style narrative.

EDITING SKILLS & TOOLS

Editing & Post-Production: Adobe Premiere Pro, After Effects, DaVinci Resolve, CapCut, Adobe Photoshop
Short-Form Editing: Hooks, retention pacing, captions/subtitles, B-roll, sound effects, music sync, transitions, 9:16 formatting, visual cues
AI Content Production: AI-assisted scripting, storyboard development, image/video prompting, Google Flow animation workflows, scene and character continuity
Creative Support: Visual storytelling, content planning, thumbnail design, graphics, basic motion graphics, creator-style editing, social media awareness

EDUCATION

Camarines Norte State College - BS in Information Technology, 2023 - Present
Camarines Norte Chung Hua High School - STEM, 2021 - 2022
